Manager Notes

Welcome to Summer!
As June marks the awakening of the outside conditions of the courses, the Club's events schedule and activities kick-off for a busy golfing and social season! The Men's and Ladies Golf Associations will each hold golfing events for their Members and Guests, the weekly Ladies play days and leagues as well as the popular 2-Person Scramble held every Wednesday afternoon. Now is the time to dust off the clubs and join in the fun and excitement at the Club.

Active Members mean more activities which facilitate membership growth. This month is a great time to bring a friend to the Club and showcase the membership experience. Woody is ready to spend some time, on your behalf, with every candidate recommended to the Club by our Members. Please feel free to contact Woody with any questions regarding special membership incentives.

Grow your Club... Sponsor a New Member!

I would like to start by thanking everyone for their help over the past few months!! Thanks to your help, we've had positive net growth every month this year. That is a real testament to the type of Members we have at Memphis National. That is what makes me excited to be a part of this Club.

Brian Pope and his staff have done a wonderful job on the golf course this spring. Several improvements including bunker renovations, landscaping and ditch work on Champions #10 have been completed or are underway. If you haven't had a chance to make it out in the past couple of weeks...you will be impressed.

The Golf Shop has also been working with the Men's & Ladies Golf Associations to host Member Events. The feedback has been outstanding and participation is at an all time high. The Social Committee is also doing a wonderful job hosting parties and wine dinners. Make sure to check the social calendar on the website for upcoming activities.

We are working tirelessly to trigger Capital Fund II, which will allow our Members to receive 40% of the New Member dues. Our goal is to net 100 New Members and we are well on our way to reaching this goal. Capital Fund money is controlled by the Members and used to make upgrades/improvements to the course and clubhouse. If you know anyone who may be interested in membership...please let me know. The Board of Governors and Committees have a lot of wonderful projects lined up once we reach our goal of 100 New Members.

As always, thanks for your continued support!!
